#### SANGERFEST

Norwegian Singers' Association of America will hold its biennial meeting at Winnipeg, beginning July 5th. One thousand singers from the United States will be present and the massed chorus, assisted by eminent soloists, will give two concerts. This event alone is worth coming two thousand miles for. Don't fail to be present!

#### BYGDELAGS MEET

Many American and Canadian Bygdela have chosen Winnipeg as their meeting place. Their meetings commence July 7th. After their meetings they will join in the general celebration, as will most of the visiting singers. Be sure to come and meet the Clans!

#### LEAGUE OF NORSEMEN

Members of the League of Norsemen in Canada will have their bi-ennial meeting during the week. It is under the auspices of The League of Norsemen and The Winnipeg Singers that Norse Celebration Week is being staged. A joint committee of these organizations have succeeded in preparing a wonderful programme—every day from the opening, July 5th, is full of action and has its delightful surprises.

#### ART EXHIBITS

An extensive Norse art exhibit has been arranged for and all visitors to the Norse Celebration Week will get a real treat when viewing the hundreds of exhibits the committee has been fortunate in securing. Several exhibits from Norway will be on view. This exhibit will be highly interesting and instructive.

### Which Bygdela Will Win?

THE BURNING QUESTION: Which Bygdela will win the attendance prize? Perhaps you haven't heard about this: The committee in charge has authorized a suitable prize for the Bygdela bringing the largest number of members to Winnipeg. Hsh! Listen, that's not all! Each member of the winning bygdela will be given a souvenir of his stay in Winnipeg. And then there's the Tug-o'-War competition amongst the bygdela—here's where horsepower counts—not numbers.
