NATIONAL HEALTH WEEK

March 12 - 18, 1961

The Health League of Canada, in co-operation with Departments of Health and Education throughout Canada, has set aside the week of March 12-16 as National Health Week. This is a great annual crusade for health which is worthy of the support of the citizens of this community.

In urging support for this National Health Week observance, I, at the same time, wish to urge that you also give your all-out support to the work of your various Public Health Departments who strive at all times to make this nation, this province, and this municipality a healthler place.

You, as an individual, can do your part by learning how to attain and retain good health.

March 11th, 1961

"GOD SAVE THE QUEEN"

Mayor STEPHEN JUBA
