# Proclamation

## CORRECT POSTURE WEEK

WHEREAS, the chiropractic profession of America has designated the week of May 1st to 7th, 1960, as Correct Posture Week, to be observed throughout the United States and Canada;

AND WHEREAS the best foundation for a healthy nation is an enlightened citizenry which co-operates with the men of science who minister to people in pain and sickness. The men who dedicate their lives to guarding and improving the health of our people need and deserve help from those who serve;

AND WHEREAS the Manitoba Chiropractic Association is sponsoring Correct Posture Week from May 1st to 7th, endeavouring to educate the public to the value of correct posture and to develop a national consciousness on this important health problem. Correct posture, especially when developed in young people, is one of the greatest contributing factors to better health, physical endurance, working efficiency and attractive appearance;

NOW THEREFORE, I, Stephen Juba, Mayor of the City of Winnipeg, welcome the opportunity to call upon all civic organizations, schools and youth groups to co-operate with the chiropractic profession of America and Canada, and the Manitoba Chiropractic Association, in an educational program to make people aware of the value of correct posture and of its benefits to our public health standards. I hope every boy and girl especially will learn the habits of correct posture and active sports which can do so much to keep us an alert and healthy people.

"GOD SAVE THE QUEEN"
