Report

REASON FOR THE REPORT:

An amendment is required to the current version of the Records Management By-law No. 166/2003.

HISTORY:

By-law No. 166/2003 was passed On December 17, 2003, in accordance with The City of Winnipeg Charter which requires the City to pass a by-law for the management, retention, safekeeping, disposition and destruction of records. By-law No. 166/2003 replaced By-law No. 8150/2002, which was out of date.

Since its passage in 2003, changes to departmental structure and processes have resulted in new categories of records or changes to descriptions of existing records. Additionally, new provincial election legislation is not reflected in the current by-law.

The City of Winnipeg Records Committee met on November 1, 2007 and recommended that the proposed amendments be submitted to the Executive Policy Committee for favorable consideration.

DISCUSSION:

The proposed amendments can be summarized as follows:

1. New entries of records in cases where departments keep records that are not listed in the current version of the by-law.
2. Revisions to functions or programs which have changed or have emerged. For example the creation of the Internal Services Department.
3. Revisions to reflect changes in governing legislation. For example the replacement of the *Local Authorities Elections Act* by the new *Municipal Councils and Schools Boards Act*.
4. Revisions to reflect changes in the period of retention of records. Some time periods have been reduced based on legal requirements to keep financial records for no more than 6 years, for example.
