Mayor C.F. Gray,

winnipeg.

Dear Sir.

With reference to volunteer help in the fire department, during the late strike, I understand men who ~~men~~ who helped, and who were not in receipt of salary from any source during that time, are to be receive an allowance from the fire department,

I was on duty at #3 hall, Maple St, during the entire time of the strike and if the above is correct I would be glad to know if my name is on the list.

Trusting to hear from you on the matter,

Yours truly,

W.A. Selkirk
