

DONALD MACPHERSON,
CHIEF OF POLICE

Winnipeg, Man. July 2nd 1919

Chairman and Members of the Board of Police Commissioners,
City.

Gentlemen,

The necessity for the service of Special Police has now terminated and they have been disbanded as per your instructions. I would respectfully bring to your attention the excellent work performed by Major Bingham in connection with the organization of the same. On taking over Major Lyall's duties he found things in a condition far from being desired and the work of unravelling matters, which appeared to be almost hopeless, reflects great credit on the Major. I would respectfully request you to take up the matter of his compensation at an early date for services performed and can assure you that his work has been entirely satisfactory.

I have the honor to be,

Yours obediently,

Chas. H. Newton

Chief Constable.
