

DONALD MACPHERSON,  
CHIEF OF POLICE

*Winnipeg, Man.* July 2nd 1919

Chairman and Members of the Board of Police Commissioners,  
City.

Gentlemen,

I would respectfully call your attention to the work performed during the strike period by members of the Police Department who remained faithful to their oath. From Inspector <sup>Stark</sup> Street down to Constable Mills in the uniform branch and from the Chief of Detectives to Interpreter Seel, their work has been such that no criticism could be offered. They have individually and collectively worked both day and night and no call on their time has been too arduous. I would respectfully recommend them for your consideration and remuneration in such a manner as may meet with your approval.

I have the honor to be,

Yours obediently,

*Chris. H. Newton*

Acting Chief Constable.
